Laura Gutierrez

+1 (849) 651-5170 hello@lauragutierrez.design lauragutierrez.design

Product Designer (UX/UI) with experience designing conversion-driven digital products across insurance, healthcare, and web platforms. Skilled in translating complex business requirements into intuitive, user-centered experiences that improve usability, engagement, and product performance.

Strong background in end-to-end product design, from research and ideation to high-fidelity prototyping and developer handoff.

Experience

Humano Seguros
UX Designer
Apr 2025 - Present

- Redesigned the insurance e-commerce landing page, improving navigation clarity and optimizing conversion-focused user flows.
- Contributed to the redesign of the quotation flow across multiple insurance products, enhancing usability and reducing user friction.
- Collaborated with cross-functional teams to align business goals, user needs, and technical constraints.
- Produced wireframes, high-fidelity prototypes, and documentation to support product development.

ARS Semma
UX Designer / Webmaster
Aug 2021 – Feb 2025

- Led the redesign of the organization's website, aligning it with national digital and accessibility standards.
- Conducted user needs analysis and usability improvements to enhance access to healthcare-related services.
- Improved overall user experience by restructuring information architecture and simplifying navigation.
- Ensured compliance with accessibility and public digital service requirements.

Adventures Digital Agency
UI Designer
Nov 2021 – Dec 2022

- Designed websites and landing pages for multiple clients, focusing on usability and visual consistency.
- Developed wireframes, UI concepts, and interactive prototypes for client presentations and development teams.

Utreee
UI Designer
Jun 2020 – Aug 2021

- Designed mobile and web interfaces for digital products.
- Participated in UX research and contributed to product design decisions.
- Collaborated with developers and stakeholders throughout the design process.
